

Education is the necessary tool to develop the skills and attitudes in the human society and the nation. Also, education constitutes an important critical sector, which contributes to the process of national development. The role of school teachers is seen very much less in the classroom teaching. There are several factors are affected on regular classroom activities. The teachers do not teach effectively well and not completed the syllabus in time during the school hours. Therefore the students are going to attend the private tuition classes for getting better education. Such case study gives a detail information regarding the reactions of students and their guardians towards the private students.

Reactions of Students and Guardians

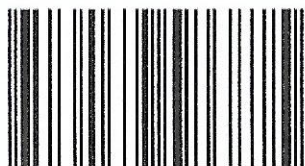

Aditya Vora
